

Ever wanted to **launch eggs**
into **space?** We'll pay you...

And we'll pay your friends too. Your school can compete against other schools and organizations from across the country for its share of **\$60,000 in prizes!**

Thousands of students each year compete in the Team America Rocketry Challenge, a nationwide model rocket contest and the largest competition of its kind.

To win, each team must design, build, and fly a model rocket that carries one raw egg. The goal is to fly to 800 feet and stay aloft for 45 seconds. Whoever is the closest to both and brings the egg back unbroken wins!

For more information, please visit our web site at **www.rocketcontest.org**.

2006 Contest Applications available beginning September 7, 2005.
Application Deadline is November 15, 2005.
